

Heading to Disney Springs?

Did you know that most Disney Springs restaurants are not run by Disney?

"I'm a cashier at Pizza Ponte. My wage is so low that I am unable to find an apartment that I can afford. I am sleeping in a living room, without any privacy, basically homeless. I can't afford a car to get to work. If I worked a similar job at Disney, I would make more money and I would be able to save for an apartment and a car."
